Research Policy

Grounded in the institution's vision and mission, the policy of our college seeks to cultivate a culture of research excellence by enmeshing scholarly efforts into the core academic framework.

Key policies are:

Promotion of transdisciplinary research along with collaboration across disciplines, the college aims to address complex societal challenges and encourage comprehensive academic growth.

Ethical Standards:

Upholding integrity and ethics in research is a cornerstone of college's commitments where investigations comply with UGC University of Mumbai's institutional guidelines.

To support faculty research, our college has mentorship programs and infrastructural support is provided to empower faculty and students to pursue high-quality research projects.

Encouragement of publication and dissemination is prioritised. Researchers are encouraged to present their findings in reputed, peer reviewed, UGC approved journals, conferences and seminars to enhance the visibility and impact of their work.

The policy partnerships with local, national, and global organizations to align research activities with real-world needs and societal development.

Regular workshops, training sessions, and faculty development programs are organized to enhance research skills and awareness of emerging methodologies.

The college acknowledges and rewards outstanding research contributions to motivate scholars to maintain high standards.

The research policy represents the college's dedication to contributing meaningfully to the academic community and society at large, while nurturing an inclusive and intellectually vibrant campus environment.
